Melbourne Firefighter Stair Climb

Congratulations to our Bunyip CFA Members who took part in this year's Melbourne Firefighter Stair Climb.

Well done to these Bunyip members who took on the climb:

LT Steve Ponton

LT Cameron Draper

FF Craig Dinnigan

FF Jaxson Jolley

Event Title	Get Fire Ready
Start Date and Time	25/10/2026 10:00
End Date and Time	25/10/2026 14:00
Event Details	Get Fire Ready is happening across the State, and we're here to help you prepare. Drop by, chat with our friendly volunteers, and get clear, practical advice on what you need to do before fire season hits. You'll walk away with the knowledge and confidence to protect what matters most.
Address	13 PEARSON ST, BUNYIP VIC 3815
Event Type	CFA Open Day

Supported by

BUNYIP - GARFIELD PROBUS CLUB

Each year we hold a Footy Day in early September when everyone comes dressed in their team colours and hoping that their team will win the Grand Final.

The team colours were displayed around the hall which helped to create a great atmosphere. After the meeting and morning tea we made up tables of six to complete a series of tasks. We had to answer lots of questions relating to Football and everyone had a turn at Handball as well one person from each table sang their team anthem to get points. At the end, the winning table was presented with their award and the last one got the wooden spoon.

Then we had a Footy Lunch and the day finished with afternoon tea. A big thank you to those who ran the competition and also anyone that helped on the day.

Fabulous Films we watched (9 to 5) Dolly Parton starred in alongside Lily Tomlin and Jane Fonda which was a bit of fun.

A group went to the Warragul Art Centre to see Keith Potger who was one of the band members of The Seekers. He not only sang a collection of their songs but gave a bit of the history of their journey to fame. The others in the band were Athol Guy, Bruce Woodley and of course lead singer Judith Durham. Keith helped form the group in 1962 and were the first Australian folk pop and gospel band to become famous in England and America. There was a special moment when they shared rare photos of the group and the late great singer Judith Durham which brought back many memories to everyone. After the show we went to the Golf Club for lunch.

The Walking Group went to Mirboo North to explore some more of the Rail Trail and then had lunch at the Hotel. Every month they go somewhere different and it has to be planned so we thank the ones responsible for organising the walk.

Probus Clubs across Australia are marking a significant milestone in October celebrating 50 years since the first Club was formed in New South Wales at Hunters Hill in 1976. Then gradually other Clubs were formed across Australia for retirees as well semi- retired people.

Over five decades Probus has played a vital role in helping people build social connections while enjoying a range of guest speakers, outings, shared interests and fun. The Clubs in our area will celebrate together at the end of October. ***Our Club has near 100 members and there is no waiting list and anyone is welcome to attend any of our meetings.***

We meet the first Tuesday of the month at 10am in the Garfield Hall. Each month we have a guest speaker after a short meeting and morning tea. If you are interested at all come and see how our Club works.

TALKIN' ...FISHIN'TIDY TACKLE

Sorted and organised tackle in your bag or tackle box makes things quicker and easier to find when rigging up your rod and reel or changing over hooks sinkers etc.

Separate containers for your terminal tackle, clearly marked for a quick access and labels taped over with clear tape to protect against water and bait juiced fingers. Make good use of empty pill containers, plastic jars, makeup containers etc. Old labels should come off easy enough by soaking in warm water for a while, or simply peeling slowly, but some are stubborn, use eucalyptus oil on a cloth this works well and gets any sticky glue off as well.

Small tackle boxes for your hooks and swivels, but other loose stuff like small and large sinkers, lures and jigs are best kept separate. Include cutting tools and some basic spare parts, those things loose in your kit are a hazard especially when making a grab searching with bare hands in the darkness fishing at night. Floats keep safely in long pencil case tubes saving them from breakage, and ready tied rigs in plastic pockets or zip bags are a great asset. Fish oils, insect repellents, scented pastes and sunscreens can make a sticky mess in your bag especially on the hotter days, kept in an additional container can limit its spillage and subsequent clean-up. While it might seem over indulgent and time consuming but the time it saves you in the long run is immeasurable. You'll be praising me the next time someone picks up your tackle box when you forgot to close the catches, Dam! That's a pain!

Community Christmas Day Lunch

25/12/2026

12noon - 3pm

An invitation to those in community who are doing it hard this year. Struggling financially or are alone and would like good company and a great meal this Christmas!

To be held at the
Garfield Community Hall,
Garfield Rec Reserve,
Beswick Street

**Confirm your seat at
the community table as
soon as you can.**

**Please call
Meg 0466 496 107
or Jen 0428 372 686**

If you would like to help with preparations leading up to the 25th or on the day - we would love to hear from you, especially if you have Kitchen supervisor experience.

The Community Christmas day lunch is made possible with grants & support from:
Community Bank Bunyip, Cardinia Community Foundation, Garfield Community Shop, Bunyip Market, Bunyip Op Shop

Reducing Bunyip and Districts carbon footprint

Three Hours of Free Power?

Imagine running your washing machine, dishwasher or heating/cooling without paying for the electricity. From 1 October 2026, Victorian households with a smart meter can access the **Midday Power Saver**, offering **free electricity every day from 11am to 2pm**.

For households able to shift their energy use to the middle of the day, the savings can add up. The Victorian Government estimates households could save between **\$149 and \$428 a year**, depending on how much electricity they move into the free period.

Does this sound too good to be true? It might be. Electricity companies set the tariff on electricity used outside these times which may be more expensive than your current plan which **could cost you more overall**.

Benefits

- Free electricity from 11am to 2pm daily.
- Potential annual savings on household energy bills.
- Particularly useful for people working from home, families, and households with electric vehicles or home batteries.

Potential Setbacks

- The offer may not suit households that cannot shift electricity use to the middle of the day.
- Electricity rates outside the free period may be higher, so it is important to compare plans before switching.
- Running several high-energy appliances at once could overload household circuits, especially in older homes.

Before signing up, check your current energy use, compare available offers, and see whether your daily routine can make the most of Victoria's free midday power.

EVENTS & ACTIVITIES

BRAG AGM

7.30pm Thursday 22 October

Online meeting

Join us for our Annual General Meeting. We have a guest speaker Manny Manatakis who will talk about recycling and the circular economy and interesting views on this.

RSVP via email to bragbunyip@gmail.com and a meeting link will be provided for you to join.

A CONVERSATION WITH ANJALI SHARMA.

Held on Saturday 3rd October.

The evening was quite well attended despite the inclement weather and we are sure all participants left with plenty of practical ideas they can implement to help keep the devastating effects of Climate Change on the government's agenda as we endeavour to ensure that we leave a liveable planet so future generations can continue to enjoy the wonders of nature.

Thanks to the organisers and to all who attended.

Thanks also to Biddy Marthas for the yummy refreshments.

YOU'RE INVITED TO A RABBIT MANAGEMENT FIELD DAY

Expert Demonstration and
Mentoring by the Victorian
Rabbit Action Network (VRAN)

Rabbits are increasing in our patch with
specific hot spots of concern.

Jindivick Landcare and Western Port
Catchment Landcare Network bring you this
expert demonstration day to learn best
practice management, see techniques in
action (e.g. warren ripping and smoking)
and connect with others facing similar
challenges. Whether you're knee-deep in
burrows or have just seen
diggings, everyone is welcome!

Register your interest today to secure a spot

SUNDAY 15TH NOVEMBER
JINDIVICK HALL AND
LOCAL DEMONSTRATION
9AM - 2.30PM

FREE to attend

RSVP to Helen Barclay
jindivickl@gmail.com

0410 123 405

Or

RSVP to Janelle Cadd
facilitator@wpcln.org.au

0425 377 882

Drink driving these holidays? Wrong choice.

The police will be using every tool they have to keep the roads safe. But if you decide to drink then drive, how your holiday ends is your choice.

STOP THE BUNYIP NORTH QUARRY

Heidelberg Materials Australia (formerly Hanson Construction Materials) is proposing to establish a large-scale granite quarry off an 1,100 acre site on Tonimbuk Road in Bunyip North, just under 400 metres from Mount Cannibal.

The proposal would involve extracting approximately two million tonnes of granite each year, with quarrying continuing for 75-100 years.

The project would include a large open quarry pit, processing and crushing facilities, overburden and product stockpiles, water management infrastructure and other associated facilities.

The quarry would operate through drilling and blasting, with extracted granite crushed and processed on site before being transported by heavy vehicles.

Granite naturally contains crystalline silica, and activities such as drilling, blasting and crushing can release fine respirable crystalline silica (RCS) dust into the air.

When inhaled, these microscopic particles can penetrate deep into the lungs and, with sufficient exposure, cause permanent lung scarring known as silicosis. Respirable crystalline silica exposure is also associated with an increased risk of lung cancer and other serious health conditions.

At full production, the project is expected to generate more than 500 truck movements each day, with quarry traffic entering and leaving via the Princes Highway at Tonimbuk/Hope Street.

The proposed quarry would involve the permanent removal of vegetation and habitat, changes to the landscape, interception of groundwater and management of water within the quarry site.

The site is currently in a green wedge zone with an environmentally significant overlay.

The site is also part of Cardinia Shire Council's Biolink Plan, and includes two significant biolinks, including priority and future biolink corridors.

IT'S TIME TO HAVE YOUR SAY

The Bunyip North Quarry Environment Effects Statement (EES) is now on public exhibition, with submissions closing at **11:59 pm on Tuesday, 20 October 2026**.

Submissions on the EES, draft Planning Scheme Amendment (PSA) and EPA Victoria Development Licence application can be made through the Engage Victoria platform: engage.vic.gov.au/Bunyip-North-Quarry-IAC

The full exhibited EES, draft PSA, EPA Development Licence application and supporting documents are available to view and download from HMA's website: bit.ly/4xzgHx

We encourage every resident to review the EES and make a submission.

Tell the Inquiry and Advisory Committee, in your own words, how this proposal could affect your property, your family, your roads, your environment and your community, and why Bunyip North is the wrong location for a project of this scale.

Engage Victoria

EES documents

Every submission matters. The stronger the community response, the harder our concerns are to ignore. This is our opportunity to be heard. Please use it.

If you need assistance understanding the EES or preparing your submission, please reach out to the Mount Cannibal and District Preservation Group at stonthebunyipnorthquarry@gmail.com

EIGHT THINGS HMA ACKNOWLEDGED IN ITS EES WEBINAR

We listened carefully to Heidelberg Materials Australia (HMA) explain the proposed Bunyip North Quarry in their online, inform-only pre-exhibition event on Thursday 3 September.

Beneath the language of “management”, “mitigation” and “controls”, they acknowledged some extraordinary things.

Here are the top things you should know before you write your EES submission:

1. The project was identified as capable of having a “significant effect on the environment”.
2. There will be direct ecological loss.
3. The existing princes highway median cannot safely accommodate a quarry haulage vehicle.
4. The quarry will intercept groundwater.
5. Treated runoff from the quarry’s overburden stockpile will ultimately end up in the local catchment and cannibal creek.
6. Habitat for an endangered species within the project area has been found.
7. Their quarry trucks will damage local road pavements.
8. They acknowledged safety issues between quarry trucks and other road users.

THEY HAVE MORE THAN 100 “MITIGATION” MEASURES

And perhaps one of the most telling statements in the entire webinar:

HMA says it has committed to more than 100 mitigation measures arising from its technical studies.

More than 100 measures to avoid, minimise, manage, monitor, offset or control the potential effects of one project.

Why should you be concerned about this?

Because mitigation doesn’t mean an impact doesn’t exist. It means an impact or risk has been identified and a measure is being proposed to avoid, reduce or manage it.

So when HMA tells the community that the impacts of this quarry can be “managed,” don’t confuse that with saying those impacts don’t exist.

After hearing about groundwater interception, ecological loss, endangered-species habitat, road degradation, traffic safety issues, treated runoff entering the local catchment and major road upgrades — perhaps we need to ask a much simpler question:

If a project needs more than 100 mitigation measures to make it work here, is Bunyip North really the right location for it?

MORE THAN 6,500 PEOPLE HAVE SAID NO TO THE PROPOSED BUNYIP NORTH QUARRY

Matt Clark 0417 411 883

neilsonpartners.com.au

St. Thomas' Anglican Church A'Beckett Road Bunyip

Sunday the 4th October was St. Francis Day at St. Thomas' we gave thanks for the gift of creation and we blessed many family pets (all creatures great and small).

This day marked the close of the season of Creation but there is always something to look forward to at St. Thomas'.

The days between October 31st - 2nd of November form part of a small "Triduum" of feasts known as Allhallowtide. 31st October All Hallows Eve (secularly known as Halloween) is the eve of All Saints Day. It is a time of prayers and fasting prior to the feast day.

1st November is All Saints Day (or All Hallows Day) and celebrates all saints those known to us and those known only to God.

2nd November is All Souls Day. This is a day that reminds us that the bond between the living and the dead is not broken by death. As a community of faith, we are called to honour our loved ones who have passed and to renew our hope in the promise of resurrection. This sacred day invites us to reflect on God's mercy and the reality of eternal life.

On Sunday 1st of November, we will hold our annual Flowers of Remembrance Day. We will remember the saints who have gone before us. We will also name and pray for our loved ones who have died and will honour them with 'flowers of remembrance'.

REGULAR JUNE SERVICES AT ST. THOMAS

10am every Sunday: Eucharist followed by morning tea in the Parish Hall.

11.45 am every Wednesday: Mid week Eucharist followed by lunch in the Meeting Room in Parish Hall.

ST. THOMAS' OP SHOP

Our Op Shop is open on Thursdays and Fridays from 10am to 2.30pm.

Reverend Mthr Christine Angus (Priest in charge)
0409 217 321

Reverend Fr. Ken Parker (Associate Priest) 5976 1634
